ZEETA TABLE

ZEETA coffee tables, available in a variety of shapes and sizes, are designed to complement several of Standard's soft seating collections, bringing a sense of cohesion, elegance, and contemporary style to any interior. Their versatile design makes them an ideal choice for lounges, waiting areas, meeting spaces, and more.

The tabletops can be finished in any of Standard's melamine options, allowing for seamless coordination with other furniture pieces. For a more refined or modern look, the ZEETA tables are also available with glass surfaces-either clear or smoked/darkened, depending on the desired atmosphere.

The sturdy metal frame is finished with high-quality powder coating and comes in three classic color options: black, white, or silver grey, ensuring durability and visual harmony with a wide range of interiors.
