

SOFT akustilised laua- ja põrandasirmid on lihtsad, kuid praktilised ja väga heade heli neelavate omadustega. SOFT sirmid ja paneelid vähendavad avatud büroodes mürareostust, toimivad ruumijagajatena ning on ühtaegu ka sisekujunduselemendid.

SOFT acoustic desk and floor screens are simple, yet practical screens which can be obtained in many different sizes and with a wide range of colours. SOFT screens and wall panels reduce noise pollution in open offices, work as room dividers and at the same time are interior design elements.
