

@OFFICE MEETING

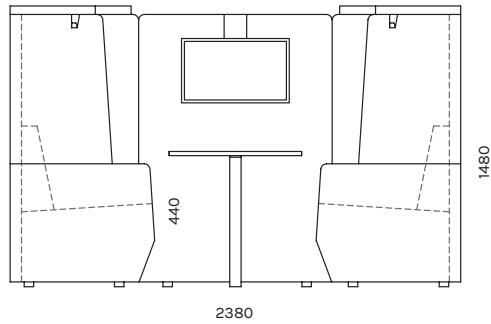

@OFFICE meeting on heade akustiliste omadustega privaatne koosolekuruum. Lahendus sobib hästi just avatud planeeringuga büroodesse, fuajeedesse ja teistesse mürarikastesse ruumidesse, kus läheb vaja eraldatud nurgakest nõupidamiseks. Koosolekuboksile on soovi korral võimalik lisada pistikupesasid, ekraani või tahvlit oma ideede paremaks seletamiseks.

@OFFICE meeting is a private meeting room with good acoustic properties. This solution is ideal for open offices, lobbies, and other noisy places to create a small isolated space for meetings. The meeting room can be equipped with sockets, screens or a whiteboard to present your ideas even better.
